

What did you do differently this year?:														
Amador	Calaveras	El Dorado	Inyo	Mono	Nevada-E	Nevada-W	Placer-WS	Placer-N	Sacramento	Sierra	Sutter	Tuolumne	Yolo	Yuba
Had four large pinwheel displays around the county.	We coached three individuals with unique personal child abuse "success stories" to speak at the BOS proclamation presentation. We now have 5 people on our CAP speaking team.	N/A	N/A	We developed a multi county calendar with various CAP activities & trainings within Mono and Inyo County.	Tahoe SAFE Alliance's Children's Program heads up the Child Abuse Prevention Month activities and they used creative ideas to reach the broader community this year. While this is not new, solidifying this arrangement frees capacity for the Council to make supporting efforts for CAP month	We want to increase our impact and outreach. Most of our time this year was spent this planning how to adopt and use Yolo's "Be the One" Campaign. Attached see our Planning Tool. Instead of repeating events that have limited and somewhat declining participation, we are planning to engage our partners and work together to increase community knowledge about the impact of child abuse and trauma. Also, our proclamation to the Board of Supervisors seemed to have more impact this year. Two new supervisors were very engaged and were not aware of ACES.	Morning show with Mark S Allen on ABC10 (early) morning news		N/A	Celebrating families on April 30, the Day of the Child.		New name (Tuolumne Resiliency Coalition)	We had two screenings of the movie Resilience in Woodland and West Sacramento followed by Q&A panels by community partners. 75 people (67 unduplicated)	N/A
Did you participate in Kid's Day at the Capitol?

If Yes, what was your experience?														
							Always nice to connect with a much larger effort		CAPC Sacramento co-hosted the event with OCAP. It was a great event with fun music and activities for kids and families, and we gave out a lot of materials.					
If No, why not?														
Staff time/distance/lack of relevance for local needs	too busy	The Council decided the event was too far away and during school hours, limiting participation from local schools.	Location 6 hours with no air option	Started new position on April 1, 2019	Our capacity to promote and attend events out of the area is extremely limited	We contacted our Foster Youth agencies and CASA to discuss this event. It was too late to participate for the year, but they want to know more information about the event for next year. There is some concern about the distance and confidentiality for CASAs and youth attending together.				Too far, too many other things to do with severely limited staff		We visited the capital to advocate for AB-1221	Our largest fundraiser was on the same day.	Was not prepared to host a booth however will be working on having one for 2020.
