Phrase as what you want to see, not what will go wrong. Front and back might not work. Elizabeth – “Babies can’t say no”, don’t care for the Font. Will forward additional materials already in use. Natalie – Agrees about the font. Not serious, focus on message not on the writing. Make front and back background different. “How are you and child (or you and family) effected. Didi – Mothers already struggling, relieve guilt if possible. Don’t like the curtain background. Dual languages? (Front English/Back Spanish)</p> <p>Do we create materials with a space for a label, for each county to use? Or do you want us to print your info for you?</p> <p>How will you publicize your use of the Toolkit? Share with CAPC Partners, connect to public health, Behavioral Services and 211.</p> <p>Should we develop outreach material for the toolkit, for agencies? Yes, but first pilot, then produce promotional material</p>	<p>Natalie will have her promotional person take a look at materials as well.</p> <p>Team voted to choose what number to have printed.</p>	<p>Time will be made for Materials to be reviewed and approved by whoever’s number will be put on the materials.</p>
